"MARK TWAIN SKETCHES"

AT GOULD'S BINGHAM HALL

MONDAY, APRIL 4, AT 7:30

"Man is without doubt the most interesting fool there is." Thus spoke America's legendary humorist and eccentric, Mark Twain. From the pitiless Twain pen, a special touring production "Mark Twain Sketches" has been created by the Chamber Repertory Theatre of Boston. This exciting new company has been hailed for its Twain production throughout northern New England and is now touring the Eastern half of the United States, sponsored by the Boston Arts Group.

The world's greatest liar, a fabulist, con man, and doer of mischief, Twain's sketches of pure-blooded American fools and foolsers parade through the Twain landscape. "Mark Twain Sketches" is a sampler of Twain's lectures and short stories depicting 19th century America and some of its wildly funny misadventures.

The Chamber Repertory Theatre company of five highly acclaimed performers will be appearing with "Mark Twain Sketches" on Monday, April 4, at 7:30 p. m. in Gould Academy's Bingham Auditorium. There will be no admission charge and the public is cordially invited.

COMMENTS FROM THE

TOWN MANAGER'S OFFICE

The Board of Selectmen met Monday night, March 28, and acted on a variety of items. Minutes of the March 14 meeting were approved and warrants six, 10, 11 and 12 were signed.

After discussing with Police Chief Robert Stearns, the Board voted to approve a weapons permit application for James Mann of East Bethel.

The Board accepted with regret the resignation of John Gasser as an S. A. D. #44 School Director. As the Selectmen are responsible for appointing a replacement, they request that interested citizens express their interest by contacting the Town Manager or any member of the Board of Selectmen prior to April 11.

The Board spent the majority of their meeting making appointments to various Boards and Committees. Appointed to the Radio Study Committee for one year terms were: Burnham Rice, Robert Davis, Ted Chadbourne, Craig Davis, Richard Blake, John Greenleaf and Arlan Jodrey.

Ruth Feeney, Timothy Carter, Barbara Brown, Danny Kennah and Elmer Bean were appointed to the Community Safety and Law Enforcement Committee. Paul Jenkins was appointed to a three year term on the Recreation Board. Airport Advisory Committee members appointed were John Head and Edwin Brown. Appointment of Budget Committee members postponed until the April 11 meeting.

The Board also appointed the following constables for 1977: Arnold Brown, John T. Grover, Philip Coolidge, Frank Murphy, R. Glenn Murphy, Albert Sumner and Joyce Stearns.

The Board discussed insurance coverage at the Sewage Treatment Plant and directed the manager to proceed to have necessary insurance included with our present policy.

A letter from the Planning Board was received which requested assistance from the Board in putting together information on town programs and services. This information will be used in the Comprehensive Plan being updated by the Planning Board. The Manager was directed to develop a draft of this information for the Board to review at their next meeting.

Office equipment purchases for the Town Office were discussed and the Board authorized the manager to proceed in purchasing a copy machine, typewriter and desk. These items were included in the 1977 Town Budget.

Town Clerk Merton Brown discussed the issuance of automobile registrations by the Town Office and the Board voted that the town participate in the program. When the state started the program, a tremendous amount of paperwork was required and the town decided not to participate, however, much of this paperwork has been eliminated and it was decided that it would be advantageous to now participate. The program, as planned at the present time, will start on the first of May.

With the construction season fast approaching, we would like to remind residents and contractors that a permit must be obtained from the town office prior to any excavations within the town's right-of-way. Notice to all public utilities prior to excavation is also required by state law.

Owners of dogs are reminded that April 1 is the deadline for obtaining dog licenses. The bridge over the East Branch of the Pleasant River on the Grover Hill/County Road has been repaired and the road is now passable.

The Assessors will hold their regular monthly meeting Monday night, April 4, at 7 o'clock in the Town Office.

GOULD IS RECIPIENT OF \$50,000

FOR STUDENT FINANCIAL AID

IN GRADES 9 THRU 12

Gould Academy Headmaster Richard J. Dolven has announced that the Academy has been named as recipient of a grant of \$50,000 from the Independence Foundation of Philadelphia, Pa. The Grant funds will be distributed over a five year period beginning in September, 1977 as scholarships or other financial aid to students in grades 9 through 12.

Mr. Dolven said this important grant, the first of its kind for Gould, represents "a vital extension of the scholarship program which will enable students of modest means to obtain a topflight academic education. It will extend already existing scholarship programs which open the possibility of independent education to many residents of Maine who might otherwise be denied this opportunity."

The Independence Foundation, he went on to say, is an organization which "values the independent sector of education and seeks to preserve that alternative in education for the American public."

— Mrs. Arline Bernier, Corres. —

An Easter Sunrise Service will be held at 6 a. m. in the field by the Aron home. It will be followed by a pot luck breakfast at the Ladies Aid Building. Both functions—or either—are open to everyone.

Ladies Aid held a meeting at the home of Simone Lavalley, Sunday p. m. Following the meeting a party with Lucille Lagesse demonstrating decorative copper was enjoyed by the women present.

Shortly after 8 p. m. Saturday, Yvonne Viens called that she could see what appeared to be a fire up the road. Although Roland went immediately to investigate while I called the selectmen and others I was already too late to save the building owned by Mae Goodrum and lately unoccupied. However the prompt arrival of the Bethel Fire Department may have prevented damage to other buildings nearby. Several of the Goodrum family arrived about midnight and stayed in Horace Goodrum's camp.

I read about some coffee substitutes which included corn kernels roasted and ground and sunflower seeds treated much the same way. I came across a small jar of squash seed which I'd saved earlier and as I was baking I experimented with them. Toasted dark brown and crumbled, then brewed like coffee and the result was a very potable drink. It might take some getting used to but I'm sure there are many such inexpensive materials which we can use not only for the sake of our pocketbooks but in protest of being taken by whatever or whoever is responsible. Any other suggestions you might wish to share, the Editor willing, will be presented so we can do our bit to halt this outrage.

The Selectmen held a meeting Saturday and appointed the following: Registrar of Voters, Lucille Lagesse; Town Fire Warden, Fred Judkins; Health Officer, Eleanor Lecomte; C. E. P. Director, Fred Judkins; Plumbing & Building Inspector, George Scott; Librarian, Arline Bernier; Constable and Dog Officer, Andrew Aron, Jr.; Constable, Christine H. Murphy; Planning Board for 5 years, Arline Bernier; Planning Board for 3 years, Leslie Aron; Planning Board, associate member, Richard Lecomte.

WEST BETHEL CHILDREN'S CENTER

We would like to thank the Telstar music students for putting on a show for us. The children really enjoyed it.

We have decided to put on a garage sale the end of April. If you would like to give donations, the people to contact are Kathy Taylor, Bryant Pond 59, Marianna Fifield, Bryant Pond 92 ring 4, and Jennice Cole, 974-2614.

We would also like to thank our volunteers of the last two weeks. They have been: Morris Perlman, Coleen Pinette and Jodi Carter; also the Village Store in Bryant Pond for its donation of toothpaste.

BETHEL LIBRARY

Winners of the Bethel Library Raffle were Mrs. Clarence Howe, 1st prize, dinner for two at the Bethel Inn and Richard Harding, 2nd prize, \$5.00 credit at Charlie's Place. The library trustees fund raising committee would like to thank all those who bought tickets and also want to thank the many people who donated and bought food for the food sale the end of February.

The money acquired from both activities will be spent for new books for the Bethel Library. Because of the higher cost of books today, the reading committee ran out of money and this will reimburse them.

WEST BETHEL CHURCH NEWS

There will be a Good Friday Service at the West Bethel Union Church on April 8, 1977. Area churches will join with us. There will be a movie shown "Dawn of Victory" on the crucifixion and resurrection of Christ Our Lord and Saviour, at 7 p. m. Refreshments will be served downstairs after the service is over. — Mabel Walker.

A BIG THANK YOU!

The children of the Ethel Bisbee School collected 13,460 Campbell Soup labels with the help of many generous people. Of the total, 11,950 labels (worth \$119.50) were sent in for 18 playground balls and two gym scooter boards. The remainder of the labels will go towards next year's campaign.

This is the fourth year that we have participated on the Campbell Soup Labels for Education program. We have received almost \$250 worth of audio-visual and physical education equipment.

Labels came from North Carolina, Virginia, Florida, Hawaii, California, Massachusetts, as well as many towns throughout Maine. It is truly heartwarming to know that there are so many friends of education. Everyone helped make it a success.

Keep saving the Campbell soup and pork and bean labels for next year. Send them to the Ethel Bisbee School (Bethel) or to me.

The meeting was called to order by Worthy Master Raymond Tripp Jr., at 7:30 p. m. The business meeting was taken care of in a very efficient manner. The Grange voted to join the Pride in Maine contest. This will help both the Grange and the community in general. It was decided to elect a special committee to work at this contest and the following members were chosen for the challenge: Russell Yates, Earl Hutchinson and Raymond Tripp Jr. Three applications for membership were received at this meeting. The Lecturer's program for the evening consisted of the following: reading of a letter from John Scott, Master of the National Grange concerning the mortgage on the National Grange Headquarters Building in Washington, D. C. A facsimile of the mortgage was burned and the members joined

FRANKLIN GRANGE #124

Franklin Grange met Monday with a Legislature and bird night combined for the program.

Richard Felt told us about the taxing of the various wood lots, the bills that are in the legislature and other taxes affecting our town during report of Legislative committee.

Cards were sent to several who had birthdays in March and an anniversary card to one of our older couples, Mr. and Mrs. Claude C. Cushman who have been married 58 years. Our Worthy Chaplain, Edith Hathaway had attended the ill and injured members. Bro. Chester Bean fell on ice and had broken his arm. Everett Cole was in the hospital undergoing a severe operation.

The program consisted of songs, an original poem by Olive Davis on "My Birds in the Winter of '77," a forum on "Selected thoughts on tax laws and land measures" by Richard Felt, "The Legend of the first Robin" was read, followed by pictures on bird, animals, Kancamagus Highway and Durham convention.

A cake was presented to Sister Eva Mills. Happy Birthday was sung to her by the Grangers.

There were two members present from West Paris Grange.

The next meeting we will be entertaining our deputies, Mr. and Mrs. Hugh Roak, April 14.

April 18, a three point meeting will be held with us when a 6:30 supper will be served. Norway will be putting on the program and West Paris will fill the chairs.

In repeating the Lord's Prayer. Next on the program was the introduction and reading of part of the Secret Work of the First Degree of the Grange. This was demonstrated to give all a better understanding of the unwritten work of the order. Then Sister Helen Varner was introduced and gave a very interesting and educational talk on her trip to Hawaii last December. Many pictures taken by Sister Varner, plus many postcards were displayed for all to observe.

As this was the month of St. Patrick, the Worthy Lecturer gave a reading about this devoted Irishman. The reading hit upon many highlights of the life of this man. This was followed by the closing thought. After the meeting a plentiful lunch was enjoyed by all. The next meeting will be April 9, at the Grange Hall at Newry Corner. It was reported by the Lecturer that the April 23, meeting would be observed as Past Masters Night. Each Bear River Grange Officer is asked to obtain his own replacement for that evening from some other Grange.

"ADVENTURES IN ATTITUDES" OFFERED BY NEW BUSINESS

Downeast Dynamics is the name
of a new business recently started
in the Bethel area by Dave and
Marcia Denison. The business grew
out of the recognition that learn-
ing is a life long process, and that
business, industry, and organiza-
tions see a need to provide
growth experiences for their em-
ployees. To meet this need, Down-
east Dynamics is offering a nation-
ally recognized attitude assessment
program called "Adventures in
Attitudes". Although the focus of
Downeast Dynamics is with busi-
ness, industry, and organizations,
"Adventures in Attitudes" employs
a total person concept and is de-
signed for the general public as
well as specific groups. It is of-
fered by many colleges and univer-
sities, and graduate and under-
graduate credit are available
through an accredited out of state
college. Teachers may receive re-
certification credits through par-
ticipating in the program.

"Adventures in Attitudes" is a
thirty hour training program held
in a positive non-threatening en-
vironment. It is not a lecture
course, and no attempt is made to
impose specific attitudes on those
attending. Individuals, participat-
ing in seventy-four different pro-
jects in a small group setting, de-
velop an awareness of the dynam-
ics of attitudes and their effect on
our work, social and family situ-
ations, and individually realize
those attitudes necessary for the
further development of their own
abilities. The program is designed
to help participants achieve a re-
duction in conflict, improved com-
munications, better human rela-
tions and leadership skills, in-
creased motivation, problem solving
skills, the establishment of goals,
and improved self-management.

Downeast Dynamics is currently
offering the program once a month
at Bethel Inn, although the next
session, April 18-20, will be held
at the Sunday River Inn. Between
monthly sessions, "Adventures in
Attitudes" will be offered to spe-
cific groups at their request. Ar-
rangements are now under way to
offer the program to the Maine
Human Services in Augusta, and
the Androscoggin Chapter of the
American Institute of Banking has
expressed interest in the program
for its members.

RESOLUTIONS OF RESPECT
Death, once again, has chosen
from our ranks and taken from
our midst, Sister Jessamine M.
Gould, a loved member and willing
worker of our order. We mourn the
loss of a loyal member but re-
joice at her freedom from suffer-
ing. God knew her work to be
done and guided her to that high-
er life where sickness and sorrow
are no more.

Therefore be it —
Resolved: That Round Moun-
tain Grange extend to the bereav-
ed family and other relatives of
our Sister, our heartfelt sympathy
and we point them to our Heav-
enly Father for comfort in their
hour of trial.

Resolved: That these resolutions
be placed on our records, that a
copy be sent to the family of our
Sister, and one sent to the Cit-
izen Printers, Inc. for publication
and our charter be draped in
mourning for thirty days.

Oh, what a meeting there in the
skies,
No tears nor crying shall dim
our eyes.

Loved ones united eternally,
Oh, what a daybreak that morn-
ing will be.

WHAT IS TRUTH
By Dr. Philip Jackson
Community Church,
Rumford Center

Pontius Pilate was an unprin-
ciple politician. In lonely despera-
tion he cried: "What is truth?"

The Truth was standing before
him in the person of Christ. Jesus
highlighted the hazy concepts of deity
and disclosed the personality,
power and truth of divinity so
harmoniously that to see Him was to
see the heavenly Father. The tran-
scendence and the immanence of
God Almighty were expressed with
flawless splendor in Christ.
Now we know what truth is!

Jesus flashed upon men's myo-
pic minds of spiritual under-
standing the gift and the guide-
lines of truth. Ages of specious
reasoning and millenniums of an-
xious questing made their poignant
appeals in Pilate's plaintive ques-
tion, "What is truth?"

In that thoughtful inquiry there
was a deep implication. All knowl-
edge is meaningless and irrele-
vant to the real purpose of human
existence, unless there is a focal
center where fact can be sifted
from fantasy and TRUTH FROM
THEORY. Jesus is the Center and
Circumference of all Truth. HIS
way is the norm; His message is
the criterion; His life is the un-
varying standard. He is still touch-
ing the perimeter of every branch
of learning and scientific discov-
ery. Whatever men think and how-
ever they rationalize, they must
yield their hypothesis to the fi-
nality of His judgement. HE IS
TRUTH.

Jesus is the truthful answer to
every tomorrow. Eschatological
dreams and Christian destiny scin-
tillate only by His light. The idea
of a future life and another world
has always plagued the human
family. Great truth-seekers of all
ages have tried to seek some an-
swer from the other side of
death. They have painted pretty
pictures and advanced convincing
arguments. They have expressed
plausible reasons for their theo-
ries and have leaned heavily on
man's innate desire to outlive
time and space and matter. Their
conclusions converge on the brink
of uncertainty, with immortal
longings for another life in
another world, sometime on that rid-
iculous "beautiful isle of some-
where," which no one knows a
thing about.

At this very juncture of hope's
eternal wish, Jesus holds an an-
swer of the first magnitude above
the clouded confusion. He has
brought life and immortality to
light. There is no doubt any more.
We know and we are sure that we
shall live again after this mortal
existence. Death holds no terrors
for the Christian. The end of the
world gives no cause for panic. He
announced with authentic sim-
plicity: "I AM THE . . . TRUTH!"

STATE OF MAINE HOUSE OF REPRESENTATIVES Karen L. Brown

The Legislative Taxation Committee held two days of hearings on eight education finance proposals this week. The second day of hearings became necessary due to the severe winter storm which prevented an expected record crowd from attending the public hearing Wednesday, March 23.

The Uniform Property Tax is perhaps the most controversial issue facing the session. In attendance at the public hearing were many legislators, concerned educators and citizens to listen to the various proposals affecting the state's school funding law.

Three of the proposals retain the Uniform Property Tax and are designed to prevent the state from \$28 million surplus that would be generated by a uniform property tax rate of 12.5 mills. This potential surplus is the result of a recent revaluation of the state which increased our total valuation by two billion dollars, a figure higher than originally expected; taxing the new valuation at 12.5 mills would produce the extra \$28 million.

Another House member, representing a coastal community, wants to reduce the rate to nine mills. Representative Morton of Farmington has sponsored a comprehensive tax package that includes a provision for an 11 mill rate, the nearest whole rate producing \$296 million; this provision was discussed apart from the rest of the bill.

There were four measures calling for abolition of the Uniform Property Tax. "An Act to Repeal the State Property Tax" is before the Legislature as the result of a

petition drive. If none of the bills abolishing the Uniform Property Tax, including this one passes the Legislature, this bill will go to the voters in the fall as a referendum question.

Rep. Mackel is sponsoring L. D. 1026, a bill that would replace the present Uniform Property Tax with a system emphasizing local tax effort and funded from the General Fund. Mackel's bill would still require the Commissioner of Educational and Cultural Services and the Governor to recommend funding levels for education. The Legislature would continue and would see that state funds were distributed to municipalities to cover up to half their education costs. A community's tax effort, determined by comparing state valuation with local mill rate, would be the benchmark to which much state aid they were to receive. Unlike the present law, Mackel's bill would allow communities to spend more than the state recommends.

House Republican Leader Linwood Palmer has proposed a "ratio system" where the state would arrive at an average mill rate to be used as a benchmark for all communities to determine their individual ratios for eligibility for state funding.

In the final analysis, Mackel and Palmer have introduced bills that allow communities to decide locally at their town meetings or through their municipal government, the property tax level they are to raise for the support of public education rather than mandate a uniform mill rate levy on all property—the decision would be made locally rather than in Augusta.

A recent alternative is a proposal submitted by the Maine Municipal Association that is not yet in bill form. Sponsor Rep. Greenlaw testified at the hearing that it would abolish the Uniform Property Tax and retain the existing per pupil allocation system determined by the Legislature. Municipalities would receive state aid equal to the local share or equal to the state valuation for 1977-78 times 12 mills, whichever is lower; this will eliminate "pay-in," a feature of the Uniform Property Tax.

North Paris

Eveline Barrett, Corres.
In last week's news items, I gave the Collette's address wrong. They moved to Wilmington, Del., where their youngest daughter, Anita lives. The older daughter, Patricia, lives in New Jersey, an hour and a half drive from Wilmington.

The Community Club met with Joe and Eveline Barrett March 24 with 11 members present. Philip Hyam, Beryl Oja, and Elwood Yeaton, will have charge letting the hall and another set of new locks will be installed. The annual meeting will be held May 4 at the hall, when officers for the year will be elected.

Many from our little hamlet attended the annual minstrel show at West Paris, March 25-26. I didn't take Joe and now I am sorry, for everyone said it was a good show.

Tom Hart and Mrs. Inez Hart were on their way to Togus on Thursday morning when Tom's car skidded on the icy road and went out of control on the Turner road, then was hit head on by a car full of students on their way to school. Damage to Tom's car about \$150. Inez Hart complained of a sore jaw.

Corey Bonney Sr. is a patient at the Norway hospital.

Joe Barrett has added another year so he is 80. Today, March 28, going to Doctor then out to eat. Sunday he had a lovely bouquet and cake brought to him minus a few candles, by Doris Lawrence and Jimbo Coffin. Mrs. Patty Bean, Lavinia, Danny and Kimberley, Paris Hill, called Sunday afternoon.

Men from the oil company have been working on Neal Cohen's this past week so they will be moving soon. Maybe they will be able to celebrate their first wedding anniversary in their new home.

Callers at the Lawrences were Mr. and Mrs. Pete Lawrence, East Stoneham, Mr. and Mrs. Dale Coffin, Jeff and Jim. Jeff and Jim spent Saturday night and went to their first minstrel show and they were all eyes and enjoyed it. Sunday evening the Lawrences called on Mr. and Mrs. Herman Card, Norway.

Julia Oja delivered cards that she had sold on Wednesday. School was closed due to our spring storm.

Mrs. Doris Taylor was at the Norway hospital on Wednesday for a check up. Her blood pressure is a problem since her son was born.

Hope the house cleaning is progressing well.

Spring time has arrived. It's time to start your seedlings on the growing of the moon. I have two cucumbers, house plants growing. Did you ever hear of watering them with aspirin and a form of fertilizer? The directions say "Don't forget the aspirin," so I am going to follow directions and I'll let you know if I have any house grown cucumbers later.

Did you read the article L. L. Dwyer in the Sun on Indian Land Claims? To me it makes a lot of sense. Quote "In 1790 land was worth nothing. Multiply one hundred eighty-five years by one million plus dollars per year that we have given Penobscot and Passamaquoddy Indians to live on: "Who Owes Whom?" He claims the lawyers will get their pay with interest from the Indians and the Indians will end up with nothing. I believe that the Indians should drop this and join with us in building suitable homes and becoming better educated to enter the fields of employment successfully.

Greenwood City

— Mrs. Colista Morgan, Corres. —

Winter's days are nearly done. They sob for lost glory. The March winds bite and claw. Even the new snow slumps wearily, now, its beauty gone.

Our fourth month approaches, a month of magic, and the climbing sun will send out more direct rays, tiny streams will begin to swell to crescendo. When this happens spring is surely near.

Another morning on the crust just before the snow came, my sister and I climbed to the hill top in the hay fields. The sky was still and blue and the cauliflower clouds seemed to hang in the south east. We first followed the bulldozer road then after crossing the fence turned right to the fields. Some stray currents of air rustled the beech leaves by the wall, momentarily, with a sound of rain.

We stopped to see where the woodchuck had left his burrow where for the winter its fat had kept the machinery of life running in low gear, there in hibernation. No grass yet so I wonder how he survives unless perhaps on the frozen apples near by. We didn't see one but they have been seen behind the farm house. In summer I have seen them testing various plants for food but I have never seen one drink.

Turning here we studied the mountains, ridge after ridge, running across the west and north; each curve of a different shape and touched by different shadows. Red squirrels chattered at us as we progressed from the bounds of one territory to the next.

We came to the snowmobile road well worn. After studying the lay of the land and testing the crust in the woods we decided to "bush whack" down over the hill. My sister asked, "Do you know the way?" I assured her that I did. So off we went. We threaded our way through the hemlocks and on down toward an old trail which would take us home. We crossed a little rivulet that had cut a deep channel through a bank and rushed on beneath the crusty top. As

I stepped, I wondered if it would hold. The firmness was beginning to soften. It held.

Turning right again, I came on to the road where I had hoped I would.

The trees tossed their heads saucily in the fresh breeze. The chickadees were busy here. High up they certainly had a nice view.

In a short time we could look down over the pond below us, like a gray mist lying asleep in its cradle of trees.

It was all so quiet, so full of hushed peace.

We came to the spring road and followed it home.

Different people who have different interests would not have enjoyed an outing like this. As for me, sitting by a tree, walking down an old road, following a wood trail, observing the waters at sunset and so many other out-of-door pleasures all symbolize everyday satisfaction of country life.

Annie Mills returned to her home in Shepleigh after visiting us for several days.

Mr. and Mrs. Robert Holt and son, Danny, Windsor, spent the week end with Mr. and Mrs. Leonas Holt.

Jeri Holt attended a work shop in Norway on Saturday.

Doris Hayes, Bita Morris, and I attended the minstrel show at West Paris on Friday evening.

Club Eight met with me on Wednesday afternoon. The hostess prize was won by Doris Hayes.

Fay Holt, Mr. and Mrs. Clyde Morgan, called on Ruth Hastings at her home in South Paris, on Friday.

We called on Mr. and Mrs. Carroll Nottage, South Paris, on Sunday and found Carroll better but still unable to be up except for a short time.

Doris Hayes and I met with others of the T. T. Club at Doris Slattery's for dinner Tuesday.

Several of the family were together at the Hayes Homestead on Saturday: Del and Betty Hayes, Auburn; Duane Hayes and children, West Paris; Glenn and Kevin Hayes, Gray.

Rolly, Doris, Elmer, and Scot Hayes had dinner on Sunday at Katie's Kitchen, Snow Falls.

Pleasant Valley Grange convened at the hall on Thursday evening, March 24, with 18 members present. A 6:30 supper preceded the meeting, served by hosts, Mr. and Mrs. Leon Ferrand and Mr. and Mrs. Eric Paul. It was decided to work the first and second degrees at the April meeting, which will be the 28th. Meetings during the winter months have been held in the dining hall on account of heating the large hall upstairs. The April meeting will be in the upper hall where it will be more convenient for degree work. Supper will precede this meeting with Mr. and Mrs. Gordon Mason as hosts.

The next meeting of the Chapel Aid Society of West Bethel Union Church will be held on Wednesday, April 13 at the home of Sheila Head. Each member to bring an article wrapped for the auction, which will be held at this meeting. Refreshments will be served.

Mr. and Mrs. Cleveland Lovejoy were in West Paris Sunday and called on Mr. and Mrs. Albert Downing.

Mr. and Mrs. Frederick Kneeland of Cherryfield, Mr. and Mrs. Rupert Grover Jr., and children, and Bethany and Melissa Smith of Fryeburg, spent the week end with Mrs. Libbie Kneeland.

Mrs. Gordon Mason's granddaughter, Mrs. Debra Coulombe, and little daughter, Jessica, came Sunday to spend a few days with Mr. and Mrs. Mason.

Saturday, Mr. and Mrs. Wallace Lofredda and Mrs. Helmi Cummings of Portland, were visitors at Mr. and Mrs. Cleveland Lovejoy's.

Miss Lillian Lovejoy of Ledgeview Memorial Home, West Paris, is spending a few days with her brother and wife, Mr. and Mrs. Kenneth Lovejoy. Mrs. Lovejoy went to West Paris to bring her to West Bethel.

Mrs. Dorothy Hale's son, Steven, of Belmont, Mass., came on the week end to visit his mother. She returned to Massachusetts with him for a few days visit.

Chester Wheeler was in Portland Friday to see his doctor. He had

put on a little weight. He is having treatment now in Norway. Sunday was a beautiful day in this area with temperatures in the 50° range midday. A lot of people took advantage of the nice weather to attend church service, call on friends and enjoy walks. There is still enough snow left in some places, so people can use their snow machines. A group took their machines by truck to Grafton, where they took the trail to Upton and the Umbagog Lake area Sunday.

Mrs. Luella Andrews spent the week end with her daughter, Mrs. Marilyn Wheeler, and family.

Monday morning, partly cloudy, with rain predicted tonight for this area. Temperature 28° at

6:30, mid-morning 46° and still rising, as clouds disappear and sun breaks through.

Mrs. George Luxton reports that her brothers, Stephen and Stanley Clough, formerly of West Bethel, are now located as follows: Stephen in Alaska, where he has been for several years; and Stanley is in North Carolina. They are the twin sons of Roger Clough of West Bethel Flat Road.

Richard Hutchinson returned home from the Rumford Community Hospital Friday and is reported to be feeling much better.

If anyone has any items for my column please call me or bring it in. I would be glad to receive news from any of the new residents in the West Bethel area.

Eveline Barrett, Corres.
In last week's news items, I gave the Collette's address wrong. They moved to Wilmington, Del., where their youngest daughter, Anita lives. The older daughter, Patricia, lives in New Jersey, an hour and a half drive from Wilmington.

The Community Club met with Joe and Eveline Barrett March 24 with 11 members present. Philip Hyam, Beryl Oja, and Elwood Yeaton, will have charge letting the hall and another set of new locks will be installed. The annual meeting will be held May 4 at the hall, when officers for the year will be elected.

Many from our little hamlet attended the annual minstrel show at West Paris, March 25-26. I didn't take Joe and now I am sorry, for everyone said it was a good show.

Tom Hart and Mrs. Inez Hart were on their way to Togus on Thursday morning when Tom's car skidded on the icy road and went out of control on the Turner road, then was hit head on by a car full of students on their way to school. Damage to Tom's car about \$150. Inez Hart complained of a sore jaw.

Corey Bonney Sr. is a patient at the Norway hospital.

Joe Barrett has added another year so he is 80. Today, March 28, going to Doctor then out to eat. Sunday he had a lovely bouquet and cake brought to him minus a few candles, by Doris Lawrence and Jimbo Coffin. Mrs. Patty Bean, Lavinia, Danny and Kimberley, Paris Hill, called Sunday afternoon.

Men from the oil company have been working at Neal Cohen's this past week so they will be moving soon. Maybe they will be able to celebrate their first wedding anniversary in their new home.

Callers at the Lawrences were Mr. and Mrs. Pete Lawrence, East Stoneham, Mr. and Mrs. Dale Coffin, Jeff and Jim. Jeff and Jim spent Saturday night and went to their first minstrel show and they were all eyes and enjoyed it. Sunday evening the Lawrences called on Mr. and Mrs. Herman Card, Norway.

Julia Oja delivered cards that she had sold on Wednesday. School was closed due to our spring storm.

Mrs. Doris Taylor was at the Norway hospital on Wednesday for a check up. Her blood pressure is a problem since her son was born.

Hope the house cleaning is progressing well.

Mr. and Mrs. Frank Campbell were at the Norway hospital calling on her brother, Clyde Knights who has undergone surgery during the last two weeks.

Many from this area attended the Minstrels Showboat at West Paris Friday or Saturday night. The proceeds go to the Universalist Church.

Schools were closed Wednesday because of the heavy snowfall. We hope it is the last snow storm of the season.

Spring time has arrived. It's time to start your seedlings on the growing of the moon. I have two cucumbers, house plants growing. Did you ever hear of watering them with aspirin and a form of fertilizer? The directions say "Don't forget the aspirin," so I am going to follow directions and I'll let you know if I have any house grown cucumbers later.

Did you read the article L. L. Dwell in the Sun on Indian Land Claims? To me it makes a lot of sense. Quote "In 1790 land was worth nothing. Multiply one hundred eighty-five years by one million plus dollars per year that we have given Penobscot and Passamaquoddy Indians to live on: "Who Owes Whom?" He claims the lawyers will get their pay with interest from the Indians and the Indians will end up with nothing. I believe that the Indians should drop this and join with us in building suitable homes and becoming better educated to enter the fields of employment successfully.

Greenwood City

— Mrs. Colista Morgan, Corres. —

Winter's days are nearly done. They sob for lost glory. The March winds bite and claw. Even the new snow slumps wearily, now, its beauty gone.

Our fourth month approaches, a month of magic, and the climbing sun will send out more direct rays, tiny streams will begin to swell to crescendo. When this happens spring is surely near.

Another morning on the crust just before the snow came, my sister and I climbed to the hill top in the hay fields. The sky was still and blue and the cauliflower clouds seemed to hang in the south east. We first followed the bulldozer road then after crossing the fence turned right to the fields. Some stray currents of air rustled the beech leaves by the wall, momentarily, with a sound of rain.

We stopped to see where the woodchuck had left his burrow where for the winter its fat had kept the machinery of life running in low gear, there in hibernation. No grass yet so I wonder how he survives unless perhaps on the frozen apples near by. We didn't see one but they have been seen behind the farm house. In summer I have seen them testing various plants for food but I have never seen one drink.

Turning here we studied the mountains, ridge after ridge, running across the west and north; each curve of a different shape and touched by different shadows. Red squirrels chattered at us as we progressed from the bounds of one territory to the next.

We came to the snowmobile road well worn. After studying the lay of the land and testing the crust in the woods we decided to "bush whack" down over the hill.

My sister asked, "Do you know the way?" I assured her that I did. So off we went. We threaded our way through the hemlocks and on down toward an old trail which would take us home. We crossed a little rivulet that had cut a deep channel through a bank and rushed on beneath the crusty top. As

I stepped, I wondered if it would hold. The firmness was beginning to soften. It held.

Turning right again, I came on to the road where I had hoped I would.

The trees tossed their heads saucily in the fresh breeze.

The chickadees were busy here. High up they certainly had a nice view.

In a short time we could look down over the pond below us, like a gray mist lying asleep in its cradle of trees.

It was all so quiet, so full of hushed peace.

We came to the spring road and followed it home.

Different people who have different interests would not have enjoyed an outing like this. As for me, sitting by a tree, walking down an old road, following a wood trail, observing the waters at sunset and so many other out-of-door pleasures all symbolize everyday satisfaction of country life.

Annie Mills returned to her home in Shepleigh after visiting us for several days.

Mr. and Mrs. Robert Holt and son, Danny, Windsor, spent the week end with Mr. and Mrs. Leonas Holt.

Jeri Holt attended a work shop in Norway on Saturday.

Doris Hayes, Etta Morris, and I attended the minstrel show at West Paris on Friday evening.

Club Eight met with me on Wednesday afternoon. The hostess prize was won by Doris Hayes.

Fay Holt, Mr. and Mrs. Clyde Morgan, called on Ruth Hastings at her home in South Paris, on Friday.

We called on Mr. and Mrs. Carroll Nottage, South Paris, on Sunday and found Carroll better but still unable to be up except for a short time.

Doris Hayes and I met with others of the T. T. Club at Doris Slattery's for dinner Tuesday.

Several of the family were together at the Hayes Homestead on Saturday: Del and Betty Hayes, Auburn; Duane Hayes and children, West Paris; Glenn and Kevin Hayes, Gray.

Rolly, Doris, Elmer, and Scot Hayes had dinner on Sunday at Katie's Kitchen, Snow Falls.

Pleasant Valley Grange convened at the hall on Thursday evening, March 24, with 18 members present. A 6:30 supper preceded the meeting, served by hosts, Mr. and Mrs. Leon Ferrand and Mr. and Mrs. Eric Paul. It was decided to work the first and second degrees at the April meeting, which will be the 28th. Meetings during the winter months have been held in the dining hall on account of heating the large hall upstairs. The April meeting will be in the upper hall where it will be more convenient for degree work. Supper will precede this meeting with Mr. and Mrs. Gordon Mason as hosts.

The next meeting of the Chapel Aid Society of West Bethel Union Church will be held on Wednesday, April 13 at the home of Sheila Head. Each member to bring an article wrapped for the auction, which will be held at this meeting. Refreshments will be served.

Chester Wheeler was in Portland Friday to see his doctor. He had

put on a little weight. He is having treatment now in Norway.

Sunday was a beautiful day in this area with temperatures in the 50° range midday. A lot of people took advantage of the nice weather to attend church service, call on friends and enjoy walks. There is still enough snow left in some places, so people can use their snow machines. A group took their machines by truck to Grafton, where they took the trail to Upton and the Umbagog Lake area Sunday.

Mrs. Luella Andrews spent the week end with her daughter, Mrs. Marilyn Wheeler, and family.

Monday morning, partly cloudy, with rain predicted tonight for this area. Temperature 28° at

6:30, mid-morning 46° and still rising, as clouds disappear and sun breaks through.

Mrs. George Luxton reports that her brothers, Stephen and Stanley Clough, formerly of West Bethel, are now located as follows: Stephen in Alaska, where he has been for several years; and Stanley is in North Carolina. They are the twin sons of Roger Clough of West Bethel Flat Road.

Richard Hutchinson returned home from the Rumford Community Hospital Friday and is reported to be feeling much better.

If anyone has any items for my column please call me or bring it in. I would be glad to receive news from any of the new residents in the West Bethel area.

B.E.A.R.S., Inc.

(Bethel Emergency Ambulance & Rescue Service)

Item I. Volunteer ambulance personnel for April are: K. Bedder, V. Benner, P. Bodwell, J. Brooks, R. and A. Cummings, A. and J. Greenleaf, R. Hanscom Sr., C. Howe, F. Merrill, D. Morin, D. Myers, L. Myers, A. Raymond, H. Smith Jr., A. Stevens, E. Sweetser, M. Whitney, T. Young. That means there are 20 persons who are giving their time to their community to fulfill 1440 hours for April. There has to be two persons on duty at all times. Most of the volunteers are engaged in other jobs. Being "on duty" means waiting at home for an ambulance call and ready to act. Some sleep in their ambulance uniforms when pulling night shift. Twenty people to do this job just isn't enough. We have appealed for more volunteers for the past two months. WE NEED YOU. You will be trained free of charge. Summer is coming, which will most likely deplete our list. Everyone will gain if more volunteers come forth, including taxpayers and anyone needing emergency care services.

Please call Arlene Greenleaf (824-2744). No one is asked to do more than he feels he can do. If you are at home all day and could leave if a call came, please consider acting on this appeal. Safety Tip of the Week: Remember the ABC's of First Aid: A—Airway (be sure airway thru mouth or nose are clear). B—Breathing (if not breathing, do mouth-to-mouth; give four deep breaths, then one breath every five seconds). C—Circulation (check for bleeding).

DETERMINING THE SPEED OF A BB

In Project Physics class at Telstar Regional H. S., the class is determining the speed of a BB. By taking many different measurements they are able to shoot the BB gun and find the BB's speed. Heidi Holt is shooting the BB and is trying to hit the can. Guess what! She hit the target and got the BB in the can. The speed of the BB was found to be about 72 m/sec.

BETHEL LIONS CLUB

Among the major activities carried on by Lions Clubs is work done in the areas of Sight Conservation and work for the Blind.

At the 1925 International Convention Miss Helen Keller, known as "the angel of the blind," appealed to the delegates for greater Lions participation in sight conservation and service to the blind. Moved by her address, the convention adopted a resolution making blind work and sight conservation a major activity of Lions International.

Sight conservation has been one of the major projects of the Bethel Lions Club for many years. With the help of the citizens of the Bethel area the Club has been able to help many citizens of this area have the eyeglasses and eye examinations needed but unable to afford. Mollycoddett Day has been the major fund raiser to help the Lions Club pay for these services. If any club or organization is interested in having a booth, a float for the parade, or wishes to help in any other way please get in touch with the Lions Club. Mollycoddett Day this year will be July 16.

The Lions also have collection boxes for old eyeglasses in the following places: Bethel Post Office, IGA, Casco Bank, Charlie's Chevron, Hathaway's Country Store, Village Store, Citgo Station, Brooks Bros., and Clukey's Pharmacy.

FRIENDS OF HEAD START

As many of us realize Head Start has operated on a very low budget during the past 11 years. Our programs in Bethel, Fryeburg, and Norway have been under tremendous strain, and we have been unable to extend services to the largest section of the county (Rumford/Mexico/Dixfield).

However, Congress is considering an increase in Head Start Funds which would help present centers and allow expansion of programs. We need this increase and you can help!

Write your Congressmen and express support for an increase in Head Start Funding and to include increases to existing programs, also expansion to other areas.

Your letters could express that Head Start really works! We've been under funded in the past. We are ready to expand to another area if funds become available. Send your letters immediately to: The Honorable Edmund S. Muskie, United States Senate, Washington, D. C. 20510;

The Honorable William D. Hathaway, United States Senator, Washington, D. C. 20510.

The Honorable William Cohen, House of Representatives, Washington, D. C. 20510.

HOSPITAL AUXILIARY TO MEET
